AGCO Parts Anti-Squawk Fluid

AGCO Parts references:

1889891M4 1 ltr

Applications

AGCO Parts Anti-Squawk Fluid is formulated as a supplement for tractor transmission oils and is designed to give improved performance, particularly in wet brakes and gears, where noise (brake squawk and chatter) from high friction surfaces can cause judder and give poor overall performance.

Main Benefits

- Excellent gear wear protection
- Reduced noise (Squawk and chatter)
- Improved oxidation stability
- Smooth Transmission operation
- Compatible with standard tractor transmission oils

Storage

All packages should be stored under cover. Where outside storage is unavoidable drums should be laid horizontally to avoid the possible ingress of water and the obliteration of drum markings. Products should not be stored above 60°C, exposed to hot sun or freezing conditions.

Health, Safety and Environment

Health, safety and environmental information is provided for this product in the Materials Safety Data Sheet. This gives details of potential hazards, precautions and First Aid measures, together with environmental effects and disposal of used products.

You should ensure that the product is only used for the purpose specified.

Typical Characteristics Specific Gravity 0.978

Kinematic Viscosity at 100°C, cSt	9.3
Flash Point (closed) °C	121
Total Base Number, mg/KOH/g	81
Phosphorus %Wt.	1.22

The above figures are typical of those obtained with normal production tolerance and do not constitute a specification.

This Product Information Sheet contains details considered to be accurate at the date of printing. No warranty or representation, expressed or implied, is made as to the accuracy or completeness of the data and information contained in this publication.

The Seller shall not be responsible for any loss or damage resulting from any hazards or risks identified in the data sheet and which are associated with petroleum products concerned (provided that this disclaimer shall not affect any statutory rights of the Buyer of the petroleum products concerned).

It is the User's obligation to evaluate and use products safely and within the scope advised in the data sheet and to comply with all applicable laws and regulations. No statement made in this publication shall be construed as a permission, recommendation or authorisation given or implied to practice any patented invention without a valid licence.

You should always refer to the relevant machine Operators Instruction Manual and only use correct specifications advised
