

## SAFETY DATA SHEET

### Super Absorbent Floor Dressing

#### SECTION 1: Identification of the substance/mixture and of the company/undertaking

##### 1.1. Product identifier

<b>Product name</b>	Super Absorbent Floor Dressing
<b>Product number</b>	7899
<b>Internal identification</b>	GHS22032

##### 1.2. Relevant identified uses of the substance or mixture and uses advised against

<b>Identified uses</b>	Industrial Absorbent
------------------------	----------------------

##### 1.3. Details of the supplier of the safety data sheet

<b>Supplier</b>	Morris Lubricants Castle Foregate Shrewsbury Shropshire SY1 2EL +44 (0) 1743 232200 +44 (0) 1743 353584 sds@morris-lubricants.co.uk
-----------------	--

##### 1.4. Emergency telephone number

<b>Emergency telephone</b>	+44(0)1743 232200 (08.45 - 17.00 GMT)
----------------------------	---------------------------------------

#### SECTION 2: Hazards identification

##### 2.1. Classification of the substance or mixture

###### Classification (EC 1272/2008)

<b>Physical hazards</b>	Not Classified
<b>Health hazards</b>	Not Classified
<b>Environmental hazards</b>	Not Classified

**Human health** The liquid may be irritating to eyes, respiratory system and skin.

**Environmental** The product is not expected to be hazardous to the environment.

##### 2.2. Label elements

<b>Hazard statements</b>	NC Not Classified
<b>Supplemental label information</b>	EUH210 Safety data sheet available on request.

##### 2.3. Other hazards

This product may generate dust during handling and use. This product may contain Quartz (Crystalline Silica). Long Term overexposure to Crystalline Silica dust may cause Silicosis.

#### SECTION 3: Composition/information on ingredients

#### SECTION 4: First aid measures

## Super Absorbent Floor Dressing

### 4.1. Description of first aid measures

<b>General information</b>	Treat symptomatically.
<b>Inhalation</b>	Allow resting in a well ventilated area if high concentration is inhaled and or mechanical irritation or discomfort occurs. See medical attention if irritation persists.
<b>Ingestion</b>	Symptomatic treatment and seek medical advice in case of prolonged discomfort.
<b>Skin contact</b>	Wash skin thoroughly with soap and water or use an approved skin cleanser.
<b>Eye contact</b>	Rinse with plenty of water. Seek medical advice if irritation persists.

### 4.2. Most important symptoms and effects, both acute and delayed

<b>General information</b>	Mechanical irritation.
----------------------------	------------------------

### 4.3. Indication of any immediate medical attention and special treatment needed

<b>Notes for the doctor</b>	Treat symptomatically
-----------------------------	-----------------------

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

<b>Suitable extinguishing media</b>	Water spray, carbon dioxide, dry powder or polar resistant foam.
<b>Unsuitable extinguishing media</b>	Do not use water jet as an extinguisher, as this will spread the fire.

### 5.2. Special hazards arising from the substance or mixture

<b>Hazardous combustion products</b>	None under normal conditions
--------------------------------------	------------------------------

### 5.3. Advice for firefighters

<b>Protective actions during firefighting</b>	No specific firefighting precautions known.
---	---

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

<b>Personal precautions</b>	Avoid inhalation of dust. Ensure suitable respiratory protection is worn during removal of spillages in confined areas.
-----------------------------	---

### 6.2. Environmental precautions

<b>Environmental precautions</b>	Do not discharge into drains or watercourses or onto the ground.
----------------------------------	--

### 6.3. Methods and material for containment and cleaning up

<b>Methods for cleaning up</b>	Scoop up or vacuum soil spillages if appropriate. Use gentle water spray to dampen down. Ventilate area and wash spill site after material pick up is complete. Dispose of in accordance with local regulations.
--------------------------------	--

### 6.4. Reference to other sections

<b>Reference to other sections</b>	For waste disposal, see Section 13.
------------------------------------	-------------------------------------

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

<b>Usage precautions</b>	Avoid inhalation of dust and contact with skin and eyes.
--------------------------	--

### 7.2. Conditions for safe storage, including any incompatibilities

## Super Absorbent Floor Dressing

**Storage precautions** Store in a dry place. Keep separate from food, feedstuffs, fertilisers and other sensitive material. Keep only in the original container.

### 7.3. Specific end use(s)

**Specific end use(s)** The identified uses for this product are detailed in Section 1.2.

## SECTION 8: Exposure controls/Personal protection

### 8.1. Control parameters

### 8.2. Exposure controls

**Appropriate engineering controls** Provide adequate ventilation. Observe Occupational Exposure Limits and minimise the risk of inhalation of vapours.

**Eye/face protection** Wear approved safety goggles.

**Hand protection** Wear chemical resistant gloves when handling the undiluted product or when in prolonged or repeated contact with the diluted product.

**Other skin and body protection** Wear suitable protective clothing as protection against splashing or contamination. Wear apron or protective clothing in case of contact.

**Hygiene measures** Wash contaminated clothing before reuse.

**Respiratory protection** Use air purifying dust respirator if air borne dust concentration is above exposure limits.

**Thermal hazards** Not anticipated under normal conditions of use.

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

**Appearance** Granular

**Colour** Pink.

**Odour** Odourless.

**Relative density** -2 @ 15.5°C

**Solubility(ies)** The product is insoluble in water.

### 9.2. Other information

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

**Reactivity** There are no known reactivity hazards associated with this product.

### 10.2. Chemical stability

**Stability** Stable at normal ambient temperatures and when used as recommended.

### 10.3. Possibility of hazardous reactions

**Possibility of hazardous reactions** Unlikely to occur under normal conditions of use. Will not polymerise.

### 10.4. Conditions to avoid

**Conditions to avoid** There are no known conditions that are likely to result in a hazardous situation.

### 10.5. Incompatible materials

**Materials to avoid** No specific material or group of materials is likely to react with the product to produce a hazardous situation.

## Super Absorbent Floor Dressing

### 10.6. Hazardous decomposition products

**Hazardous decomposition products** There are no anticipated hazardous decomposition products associated with this material

### SECTION 11: Toxicological information

#### 11.1. Information on toxicological effects

##### Respiratory sensitisation

**Respiratory sensitisation** May cause irritation to the respiratory system.

##### Carcinogenicity

**Carcinogenicity** This material may contain quartz (crystalline silica). In 1997, IARC concluded that the respirable fraction of crystalline Silica inhaled from occupational sources can cause lung cancer in humans. However, it pointed out that not all industrial circumstances, nor all crystalline Silica types, were to be incriminated. (IARC Monographs, Vol 68)  
In June 2003, the EU Scientific Committee on Occupational Exposure Limits (SCOEL) concluded the main effect in humans of the inhalation of respirable crystalline Silica dust is Silicosis. There is sufficient information to conclude that the relative risk is increased in persons with Silicosis. Therefore preventing the onset of Silicosis will also reduce the cancer risk. (SCOEL SUM Doc 94-final, July 2003)

**Skin contact** Powder may irritate skin.

**Eye contact** Dust in the eyes will cause irritation.

### SECTION 12: Ecological information

#### 12.1. Toxicity

**Toxicity** No adverse effects are known

#### 12.2. Persistence and degradability

**Persistence and degradability** Not biodegradable

#### 12.3. Bioaccumulative potential

**Bioaccumulative potential** Will not bio-accumulate.

#### 12.4. Mobility in soil

**Mobility** Not considered mobile.

#### 12.5. Results of PBT and vPvB assessment

**Results of PBT and vPvB assessment** Not available

#### 12.6. Other adverse effects

**Other adverse effects** Avoid contamination of soil, groundwater and surface water.

### SECTION 13: Disposal considerations

#### 13.1. Waste treatment methods

**General information** Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority.

**Waste class** European Waste Catalogue (EWC) number = 13 08 99\* (waste not otherwise specified)

## Super Absorbent Floor Dressing

### SECTION 14: Transport information

**General** The product is not covered by international regulations on the transport of dangerous goods (IMDG, IATA, ADR/RID).

**14.1. UN number**

**14.2. UN proper shipping name**

**14.3. Transport hazard class(es)**

**Transport labels**

No transport warning sign required.

**14.4. Packing group**

**14.5. Environmental hazards**

**Environmentally hazardous substance/marine pollutant**

No.

**14.6. Special precautions for user**

**14.7. Transport in bulk according to Annex II of MARPOL and the IBC Code**

Transport in bulk according to Not applicable.

**Annex II of MARPOL 73/78**

**and the IBC Code**

### SECTION 15: Regulatory information

**15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture**

**National regulations** Health and Safety at Work etc. Act 1974 (as amended).

**EU legislation** Dangerous Preparations Directive 1999/45/EC.  
Dangerous Substances Directive 67/548/EEC.  
Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures (as amended).  
Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) (as amended).

**Guidance** Safety Data Sheets for Substances and Preparations.

**15.2. Chemical safety assessment**

No chemical safety assessment has been carried out.

### SECTION 16: Other information

**Revision date** 24/02/2020

**Revision** 3

**Supersedes date** 18/01/2017

**SDS number** 22032
